MIXING GUIDE

STANDARD MIXING RATIO

1 : 1,5

Example: 50 ml Life Color Plus + 75 ml Life Cream Developer

1 part of Life Color Plus + Tone on Tone 1.5%
used as activator as well as for toning highly sensitised hair

10 Vol. / 3 %
To colour the same base tone hair, to deepen colour (darken), to give colour reflections, to colour pre-bleached hair

20 Vol. / 6 %
Coverage of grey/white
To enhance reflections
To lift natural hair colour up to 2 shades

30 Vol. / 9 %
To lighten up to 3 shades
For resistant hair / to enhance warm reflections
Covers white hair translucently

40 Vol. / 12 %
Up to 4 levels of lift

*** GOOD TO KNOW:**
mix at 1:1 with 10-20-30 volumes to obtain a stronger colour

SUPERLIGHTENERS MIXING RATIO

1 : 2

Example: 50 ml Life Color Plus + 100 ml Life Cream Developer

1 part of Life Color Plus +

30 Vol. / 9 %
Up to 3 levels of lift

40 Vol. / 12 %
Up to 4/5 levels of lift

Developement time: 45 minutes

When using the superlighteners series the best results are achieved from a level 6-10. **Anything darker than a 6 level will result in extremely warm tones.**

* COLOURS FROM MINERAL SHADOW COLLECTION

PRELIMINARY TEST FOR SKIN SENSITIVITY
Hair colouring agents can cause serious allergic reactions and contain ingredients that can cause irritation to the skin. Before applying any colour for the first time, it is always advised to carry out a sensitivity test. To do this, apply a small amount of tint behind the ear. Leave for 48 hours to see if any allergic reaction occurs. Wash gently with soap and water to remove the product.

COVERING WHITE HAIR: from 0% to 50% white hair: apply the desired colour. From 50% to 100% white hair: apply 1/2 tube of the corresponding natural shades (example 6.50 + 0.01). 1:1 mix ratio is advised.
FIRST TIME COLOURING NATURAL HAIR: apply part of the mixture to lengths and ends. Leave on for 20 minutes. Apply the remaining mixture to the roots. Leave on for 20 minutes.Total treatment time: 40 min. When colouring white hair treatment time should be increased by 5 minutes.
FULL-HEAD APPLICATION: SAME TEPTH OR DARKER: apply the colouring mixture immediately from roots to ends. DEVELOPMENT TIME: 30-40 mins.
LIGHTENING FIRST STEP: apply the colouring mixture to lengths and ends only. Leave approximately 2cm free from the scalp. DEVELOPMENT TIME: 20 mins.
SECOND STEP: apply the colouring mixture to the roots. DEVELOPMENT TIME: 30-40 mins.
ROOT RE-GROWTH: Apply part of the mixture to re-growth only. Leave on for 20-30 minutes. Apply the remaining mixture to the lengths and ends. Leave on for 10-15 minutes. Total treatment time: 30-40 min. SUPERLIGHTENERS ROOT TREATMENT: in this case, apply the mixture to re-growth only, do not comb through to the ends in order to avoid emphasizing the difference. APPLICATION TIME: for colouring tone on tone: Cream Developer 10 V. (3%) for 30-40 minutes. To cover white hair: Cream Developer 20 V. (6%) for 30-45 minutes. To lift 2-3 tones: Cream Developer 30 V. (9%) for 30-40 minutes. To lift 4-5 tones - Superlighteners: Cream Developer 30 V. (9%) / 40 V. (12%) for 40-45 minutes.
BOOSTERS: 1 - Colour intensification: mix the Booster shade to Life Color Plus shade to enhance the color vibrancy and intensity. MIXING: 1 part colouring cream (Life Color Plus shade + Booster shade) mixed with 1 and 1/2 part of Life Cream Developer 20-30-40 Vol. i.e.: mix 40 ml of Life Color Plus shade + 20 ml of Booster shade+90 ml of Life Cream Developer. Development: 35 minutes. 2- Meches: use the Booster shade mixed with Life Cream Developer to create and intensify strands or sections of the hair. MIXING: mix the Booster shade 1:1 with Life Cream Developer 20-30-40 volumi. Development: 35 minutes.
USING NEUTRAL: 10.00 is used to add shine and reflection and to create lighter and brighter shades. It can lift up to 1/2 a shade on its own. It can be safely added to the Superlighteners series to any colour above a level 6. Add to your fashion colours for a more vibrant colour and to lift half a shade.
AFTER-TREATMENT: when application time is completed, add enough warm water to hair to work into lather. Rinse well. Use Amethyste Color Shampoo.
